Reason for application?

Professional interests

The role includes some overnight and weekend shifts. How do you feel about this?

As a registered veterinary nurse you would be required to work alone in the practice at times. How would you manage your time?

We sometimes have to deal with very ill pets and distressed owners.

a. How would you personally feel about this?

b. How would you deal with the client?

You are working alone overnight in the practice. The vet on call is 20 minutes away. You give the wrong medication to a patient - what would you do?

Where do you see yourself in 2, 5 and 10 years?
